

Business Analyst

Salary:	Competitive
Hours:	Full Time
Closing date:	12 August 2020
Location:	Oxford
Company:	PharmaVentures Ltd
Job Type:	Permanent

Due to growing number of Korean life science companies using its services PharmaVentures is looking to recruit a Korean speaking Business Analyst to provide transactional support for financing, M&A and licensing engagements with pharmaceutical, biotechnology, medtech and diagnostic (Life sciences) companies, products and technologies.

Responsibilities:

- Responsible for communicating and liaising scientifically and commercially in the Korean language with Korean life science clients
- Responsible for secondary data analysis, interpretation, and client deliverables
- Proposal development and pitch support
- Ensuring high quality accurate project deliverables
- Client interaction
- Conference monitoring and landscape tracking
- White paper development
- Business Development support
- Other ad hoc duties as required by the Company from time to time

Key Skills:

- Ability to communicate in both Korean and English in the context of a scientific/medical and business environment
- Numerate, with strong analytical skills and an excellent eye for detail.
- Ability to analyse and present complex data
- Intelligent, adaptable team player able to multitask and prioritise a challenging workload
- Flexible and resilient team worker

Qualifications & Experience Required:

- Life Sciences, pharmacy or medical degree essential
- MBA and/or PhD would be an advantage
- Demonstrable experience with either a global Life Sciences focused consultancy/investment bank, or corporate strategy experience with a biopharma company
- Detailed knowledge of Oncology, CNS, Immunology or Biosimilars Sectors

- Working knowledge of Outlook, Word, Excel & PowerPoint essential
- Previous experience with Microsoft Dynamics CRM and Sharepoint would be desirable
