

Business Analyst (Life Sciences Graduate- UK Based)

PharmaVentures is a transactional advisory business whose main clients are life science companies from around the world. We are recognised experts in M&A, Licensing, Fundraising for the pharmaceutical, biotechnology, medtech and diagnostics.

As a result of high demand for our services we have an urgent need to recruit a business analyst.

The successful candidate will have the opportunity to develop commercial and business skills and experience in a highly successful global healthcare advisory firm.

The position is based in London or Oxford, England.

Experience:

- At least 3 years analytical experience in a consulting, biopharma, investment banking or advisory firm

Qualifications:

- Life Sciences Degree or higher
- Ideally Business or Accounting Qualifications

Responsibilities:

- Be responsible for desk-based commercial research and analysis
- Be responsible for supporting the execution of projects together with the assigned project leader
- Attend client meetings
- Generate client reports and presentations
- Develop their financial modeling skills and deal terms used in transactions
- Contribute to the promotion and development of all aspects of PharmaVentures' business, for example through co-authorship of articles in industry journals and general networking

Skills:

- Numerate, with strong analytical skills and an excellent eye for detail.
- Ability to analyse and present complex data.
- Intelligent, adaptable team player able to multitask and prioritise a challenging workload.
- Flexible and resilient team worker.

PharmaVentures is a premier transaction advisory firm to the Healthcare and Life Science sector that includes pharmaceutical, biotech, medical device and diagnostics. The firm is a world leader in partnering, M&A deals and strategic alliances. Our unrivalled combination of specialist experience, deal analytics and network of contacts among innovators and large pharma makes us uniquely placed to support businesses in all aspects of deal making and strategic planning.

We are regulated through our 100% owned subsidiary PharmaVentures Capital Ltd.
